Title: Minax the Enchantress

Author: A Traveler  
-----

"The most virulent of the rumors that surrounded Mondain's demise spoke vaguely a warning that Mondain had been training an apprentice, a young and impressionable protege with an indescribably powerful gift of magic. This rumor was all but squelched when companions of the warlock's slayer entered the shattered chambers of Mondain's fortress and found nothing but smoking rubble and dust-clotted blood stains on the floor. ... Thus was the name of Minax, enchantress of evil, made known. A master of telekinesis from infancy and proudly apprenticed to Mondain the Wizard at age eleven, she had grown to wield a power many times greater than that which had failed to save her master. And with that growth arose an intense hatred for the people of Earth who had brought her master's end. Never content to merely afflict the good with evil, causing misery and pain, Minax sought to sow the seeds of evil in the good, leaving none untouched. "  
-an old scroll.

All this began at Trinsic where the dark enchantress first time revealed herself. She wore black leather and

velvet, and looked like  
most beautiful young  
maiden. However her  
heart is ice cold for she  
knows only revenge,  
revenge against Lord  
British and his virtues.  
For it was Lord British  
with help of a stranger  
who killed Mondain, her  
love, over 300 years ago.  
Now Minax is determined  
to finish what her  
master and lover had  
started, to conquer  
Britannia. The battle that  
started from Trinsic  
slowly spread all over the  
land, even though Trinsic  
was saved. Using her dark  
magic Minax drained life  
from the trees and  
raised dark creatures to  
continuously attack towns.  
To protest this, Lord  
British with help of his  
court Mage Nystul  
created a portal to  
another dimension, to  
another facet of the  
shattered gem, to another  
reality of Britannia that  
was of yet inhabited.  
And from that day the  
world of Britannia has  
been shattered to two  
facets. The facets were  
named after the moons  
to make difference of  
Minax's and Lord British  
Britain. The original facet  
now full of war was to  
be known as Felucca and  
Lord British's side was  
to be known as Trammel.  
The ongoing battle  
between Minax and Lord  
British has continued to  
this day, and there seems  
to be no hope of peace  
for the two worlds which  
each has a different  
ruler now.
